## SKILLS & ABILITIES

---

Programming Languages:	C, C++, Python, HTML, JavaScript
IT Constructs:	Data Structures and Algorithms, Operating Systems, Computer Networks
Database languages:	MySQL

## TRAININGS AND PROJECTS

---

### **Socialite**

Socialite is a small social media website, a miniature of Facebook. It allows users to create accounts and add in a large community to post daily statuses about their everyday life. Front end using HTML, CSS3, JavaScript, jQuery and AJAX. Back end using PHP and SQL for database.

### **Data Science**

Given the customer data of a bank, to predict if the client will subscribe to term deposit or not, using python and machine learning algorithms.

### **Society complaint management system**

A Web portal where members of a society can create an account and post their complaints. Front end using HTML, CSS3, JavaScript, jQuery and AJAX. Back end using PHP and MySQL for database.
